Shipping/handling Charges

The shipping/handling charge for your order is \$6.00. I ship via Priority Mail, US Postal Service.

The charge is based on the flat rate for a packet plus a small handling charge to help with the cost of driving six miles to and from town to deliver orders to the Post Office.

Washington Sales Tax

You will **only** pay sales tax if I am shipping this order to an address in Washington state.

WA now requires vendors to charge the percentage of sales tax for the specific local area where the goods are being delivered. Please note the percent charged in your area and multiply times the sub-total to figure the amount of sales tax due on this order.
